

CHAMINADE HIGH SCHOOL

OFFICE OF THE PRESIDENT

October 2021

Dear parents and young men,

Welcome to our open house!

So much has changed in the past year and a half as we all learned to navigate the "new normal" in our daily lives.

What has not changed, however, is Chaminade's commitment to provide the very best in Catholic education to the young men who attend Chaminade. That dedication has remained steadfast for 91 years...*excellence never stops*.

We have expanded our open house season so that visiting campus is more accessible to the busy schedules we all lead...and to give you more flexibility in choosing a time to learn more about Chaminade.

If you have any follow-up questions about Chaminade or our admissions process, please do not hesitate to contact the Office of Admissions at admissions@chaminade-hs.org.

Go Flyers!

Bro. Thomas J. Cleary, S.M. '81
President

SCHOOL PROFILE

2021

2022

EXCELLENCE
NEVER STOPS

TO BE BETTER THAN YOU THOUGHT YOU COULD BE

For 91 years Chaminade High School has remained committed to providing a top-tier Catholic education to our students. We aim to develop our young men physically, mentally, spiritually, and morally.

We are named in honor of Blessed William Joseph Chaminade, founder of the *Society of Mary, the Marianists*. The school first opened in 1930, with a total of 145 students. Today, we have nearly 1,700 students enrolled from the Hamptons all the way to New Jersey.

Students and graduates have access to our robust alumni network of over 22,000 men, giving them a leg up in the business world after graduation. It is thanks to these generous alumni and other members of the Chaminade Family that we are able to continue to provide tuition assistance to qualifying students while continuing to enhance our facilities. Most recently, in 2018, we opened the **Dolan Family Science, Technology, and Research Center**. This 54,000 square-foot space houses professional-grade equipment for cutting-edge scientific experimentation and exploration.

In Christ, all human values find their fulfillment and meaning, which is why we are dedicated to forming the total person in Christ. We accomplish this goal through a well-balanced program of academic, spiritual, and physical activities.

ACADEMICS

Academics

Chaminade High School's course of studies provides a liberal arts education that meets the most stringent of college requirements. Students take all major course offerings for four years and must successfully complete a three-hour comprehensive examination in each subject at the end of the academic year.

Digital Learning

The continuity of instruction is one of Chaminade's highest priorities. Chaminade's blended learning environment allows our students to connect with their courses and teachers both in-person and remotely. Our learning management system is constructed in such a way that students are able to view coursework, submit work to teachers for feedback, and communicate with teachers and classmates.

Advanced Courses

Beginning in their sophomore year, students may place into advanced courses that are AP-approved. All students enrolled in these courses are given the opportunity to take Advanced Placement exams.

In order to be eligible for graduation, a student must pass all courses and earn the 28 credits listed as follows:

English (4 credits)

Our four-year English program combines the study of American, British, and world literature with developmental instruction and exercises in speech, composition, and grammar.

Fine Arts (1.5 credits)

All students follow a three-year sequence in fine arts, studying music, studio art, and advanced fine arts.

Language (4 credits)

We offer four-year language programs in Mandarin Chinese, French, Spanish, and Latin.

Mathematics (4 credits)

Geometry, trigonometry, precalculus, and calculus are covered in this four-year sequential program. Emphasis is placed on computations and problem-solving skills, as well as logical, orderly thinking.

Physical Education and Health

Education (2.5 credits)

All students are required to participate in our four-year physical program. As part of their sophomore year, students will also be required to take a one-year health course.

Religion (4 credits)

This four-year program includes Bible study, Christology, Church history, liturgy and the sacraments, the Catholic understanding of the human person and human relationships, reasons for belief in God, and Catholic social teaching.

Science (4 credits)

Our four-year science program applies classroom presentations, combined with laboratory experiments, allowing students to witness the depth and precision of scientific investigation. All students are required to complete courses in biology, chemistry, and physics. Once these science prerequisites are met, seniors have a choice to study natural sciences, environmental science, or engineering.

Social Studies (4 credits)

Our courses in global studies, European history, and United States history focus on the events and forces which shaped the world. Students also examine current events, studying contemporary trends in the context of political, economic, and social history.

Bloomberg Financial (Required)

During this two-year program, juniors and seniors will receive hands-on experience with Bloomberg Terminals in our Financial Literacy Lab. This program also helps students understand essential life skills, like how to finance college costs, apply for a mortgage, plan for retirement, and even avoid credit card debt.

Band, Glee Club, and String Orchestra (Optional)

The band, Glee Club, and string orchestra provide interested students with a variety of musical experiences through concerts and other musical performances.

**Chaminade neither requires nor offers Regents Exams. Chaminade is accredited by the Middle States Association and chartered by the New York State Board of Regents.*

CLASS OF 2021

Chaminade Mean: 29.7

National Mean: 20.8

St. John's University College Advantage Program

Chaminade High School participates in the *St. John's College Advantage Program*. This program allows juniors and seniors to earn up to 12 credits per year for courses taught by our distinguished faculty. Upon completion, students will receive an official transcript from St. John's University that can be submitted for consideration at the university of their choice.

Grades

For freshmen, sophomores, and juniors, our academic year is separated into three trimesters. For seniors, it is separated into two semesters. At the end of each year, students will take their comprehensive examinations. Final averages are derived from the six major subjects: English, foreign language, math, religion, science, and social studies.

Lowest Passing Grade: 75-percent

Honor Roll Grade: 89.5-percent

National Honor Society

Students in their junior and senior year of high school are eligible to be inducted into the National Honor Society. Membership is determined by meeting certain standards in the areas of character, leadership, scholarships, and service.

College Placement

Chaminade's Office of College Placement serves as a liaison to colleges across the country. We offer valuable services to both students and parents, including financial aid consulting, essay workshops, a free online SAT/ACT study program, service academy advising, admissions interview preparation, athletic recruitment counseling, and a series of college-related webinars. Our team is comprised of several certified guidance counselors and a full-time college placement director. Our staff leads College Prep 11 and College Prep 12 courses for juniors and seniors that meet every cycle and are devoted to the college selection process. Each year, the office sponsors many information sessions and on-site admissions events with several universities for juniors, seniors, and parents.

TRADITION MEETS INNOVATION

Bloomberg Business Center

All juniors and seniors at Chaminade High School study equity and fixed income markets, business operations, analysis of financial statements, interest rates, and currencies in our state-of-the-art Bloomberg Business Center. Through the use of Bloomberg terminals, students get to

deepen their understanding of the world of finance. In this way, our Financial Literacy course does more than prepare students for a future in business and banking. It also helps students understand essential life skills, like how to finance college costs, applying for a mortgage, planning for retirement, and even avoiding credit card debt. This facility features tiered seating and the same tools that one would expect to find on the floor of the New

York Stock Exchange or any major financial institution. A stock ticker even wraps around the wall displaying the Standard & Poor's 100.

The Dolan Family Science, Technology, and Research Center

The Dolan Family Science, Technology, and Research Center opened to students in 2018. It is the only science center of its kind in the region. This 54,000 square-foot facility houses state-of-the-art equipment for the exploration of science, including computerized lab probes, hydrodynamic simulators, two Anatomage digital anatomy tables, 3D printers, DNA amplification, sequencing technology, and more. Six teaching labs provide space for collaboration and hands-on experimentation in biology, chemistry, physics, geosciences, and robotics, and fabrication.

FOUR YEARS IS JUST THE START OF THE JOURNEY

THE CHAMINADE FAMILY IS FOREVER!

"I recently graduated from the Villanova School of Business summa cum laude and will be starting a full-time job at Goldman Sachs in investment banking. I was able to get the most out of my Villanova experience from the lessons I learned at Chaminade and the strong habits that I was able to build during my time on Jackson Avenue. The time management and work ethic skills I learned as a Flyer allowed me to do well in the classroom while never saying no to a single activity or social event."
- Alumnus, Class of 2017

"After the spring and summer of 2020, I cannot describe my relief when we learned that school would be full-time and in-person starting last September. It meant everything to me as a parent that my child would have a reason to get up and get dressed and get out of the house every morning. My freshman has read more this year than any other year. He told me recently that he was excited about math. He told me that he has realized that he isn't a bad writer at all (he didn't always feel this way). I can see his confidence growing. In a year where his sports team was cancelled, he was practicing hard every day at school. This was so important to his physical and mental wellbeing." - Parent, Class of 2024

"I grew up in a devoted Catholic family, and going to Chaminade was a dream of mine at an early age. What I didn't know in eighth grade was that the next four years would form my faith as deeply as Chaminade could. Chaminade gave me...a fundamental understanding and appreciation for the Old and New Testaments, for our shared Church history, and for the devotion of the Catholic character. I have a foundation of faith to share with my daughters. This is the salvation of Chaminade. This is what we, and especially the Brothers, work for." - Alumnus, Class of 2001

"My experience at Chaminade over the past three years can't be described in words. When reflecting on my experiences here, I've realized how much I've grown as a person and how I was able to find myself here. At Chaminade I was not only able to cultivate and nurture my passions, but I experienced creating tangible projects, such as the virtual tour, Element Film Club app, and Project Palladium podcast." - Current student, Class of 2022

SCHOOL POLICIES

Each applicant must take the Test for Admission into Catholic High School (TACHS). This test will be administered online on Saturday, November 6, 2021. To register for TACHS, please visit www.CHSEE.org. In order to be considered for admission to the freshman class, each young man must successfully complete the eighth grade and present adequate academic credentials.

Chaminade does not discriminate on the basis of race, color, or national or ethnic origin in the administration of its policies, including admission, academics, athletics, school-based activities, tuition and financial aid, or any other school-administered programs.

Chaminade High School, a Roman Catholic boys school, was founded to serve the Catholics of Long Island and has done so for 91 years. Therefore, priority enrollment is accorded to baptized members of the Roman Catholic Church.

Financial aid is offered based on need and available funds. Merit-based scholarships are awarded based on an applicant's score on TACHS. Students may also apply for work at the school to supplement other sources of family income.

Chaminade students are required to wear a dress code that consists of a jacket and tie. General neatness of dress and appearance is required.

EDUCATIONAL TECHNOLOGY

iPAD INITIATIVE

Why do we use iPads at Chaminade High School?

The purpose of Chaminade High School's use of technology in education is very clear: to cultivate a multimodal, collaborative learning environment where students engage with a traditional liberal-arts curriculum as they develop 21st century skills, mature into conscientious digital citizens, and nurture a desire for lifelong learning. The iPad is the tool used at Chaminade to provide these opportunities to our students.

FREQUENTLY ASKED QUESTIONS

What is the total cost of the iPad to the student?

There are no additional costs to the students for regular use of the iPad. All apps, software, and hardware are covered in the cost of the tuition.

How and when will students receive their iPads?

All registered freshmen will be contacted regarding distribution in the week leading up to 3-C Week.

Are all of the textbooks in digital form and downloaded on the iPad?

No. Chaminade High School uses a combination of physical and digital textbooks. Some courses have their own digital textbook (like the one created for English literature),

while others have traditional textbooks with a digital companion.

What is Canvas?

Canvas is our Learning Management System (LMS). An LMS is a one-stop shop for all the communications and technologies in your institution. It bundles assignments, messaging, and more — while keeping everything simple, easy, and in one place.

Do students have an email account?

Yes. All Chaminade students receive a school-issued Gmail account, packaged with all the Google Apps for Education, including unlimited Google Drive storage for their files.

Does Chaminade manage what apps are on the iPads, and how much do the apps cost?

Chaminade uses a Mobile Device Management (MDM) system to push apps to the iPads and monitor the device and apps on the devices. Only Chaminade-issued apps are permitted. All apps are covered in the cost of tuition with no additional charge.

Do students keep the iPads?

The iPads are Chaminade High School property. Students are issued an iPad at the start of each school year and return them at the close of the year. Their materials are saved using cloud-based storage; the devices are collected.

Financial Aid and Merit Scholarships

Chaminade High School has available Merit Scholarships and Financial Aid, while resources permit. This brochure explains the origins of these sources of financial assistance, as well as the process of application.

Gratitude

Both Financial Aid and Merit Scholarships stem from the generosity of many members of the Chaminade family. In particular, certain members of the Chaminade family have created a permanent scholarship. Much of the monies for Financial Aid and Merit Scholarships are generated by the following:

- Paula W. & Anthony J. Carlesi Memorial Scholarship
 - Keith Cerrato '01 Scholarship
 - Chiapparone Family Scholarship
 - Michael Cippolletti Scholarship
 - The Doherty Family Scholarship
- Dolores and James Conway Scholarship
- Robert DiFazio Memorial Merit Scholarship
 - Earley Family Scholarship
- LCPL Guido Farinaro Memorial Scholarship
 - Michael J. Furey Memorial Scholarship
- Patricia M. & Victor F. Ganzi Merit Scholarship
- Marjorie R. & Louis V. Gerstner, Sr. Scholarship
 - Leo P. Grassini Memorial Scholarship
 - Hall Family Scholarship
- Julia & David Hartz Memorial Scholarship
 - Haverland Family Scholarship
- William Randolph Hearst Foundation Scholarship
 - The Thomas J. Liesegang '63 Scholarship
 - Long Family Merit Scholarship
 - "Moe Better Blues" Marino Dallolio Music Scholarship
 - The Winifred & William O'Reilly Memorial Scholarship
 - Presidential Scholarship Endowment
- The Kenneth Razzetti '82 Memorial Scholarship
 - James Regan '98 Scholarship
- Christopher Slattery '88 Memorial Scholarship
 - Special Anonymous Scholarship
 - The Trunz Men Scholarship
 - The Ronald Winchester Fund
- Thomas Matthew Miloscia Foundation
 - The Roxe Scholarship Fund

How do we apply? There is no application for Merit Scholarships. Merit Scholarships are awarded to those students who score highest on the TACHS Exam. When your son takes the entrance examination and chooses Chaminade as one of the schools to which he is applying, he will be considered for a Merit Scholarship.

How much money is awarded? Merit Scholarships range from the full tuition for the next four years to lesser dollar amounts.

When will my son be notified if he wins a Merit Scholarship? Merit Scholarship notification is emailed along with the Acceptance Letter in January of your son's eighth grade year. If your son has qualified for a Merit Scholarship, there will be an additional email along with his Acceptance Letter.

What are the requirements for maintaining a Merit Scholarship in subsequent years?

- a. The student must achieve at least a 94.0% average for the school year.
- b. The student must participate fully in at least two cocurricular or extracurricular activities. Athletic participation does not fulfill this requirement.
- c. The student must receive less than 10 demerits during the school year.

Financial Aid

How do we apply? Incoming freshmen apply for Financial Aid by completing a Financial Aid Form on line. The link is available from the Admissions Office at Chaminade High School.

Please email cmorosoff@chaminade-hs.org to have a form emailed to you. For incoming freshmen, these forms are due to an external consulting firm by December 1st of the eighth grade year.

How much money can we receive? Financial Aid amounts range from full tuition for the next four years to lesser dollar amounts. These amounts are based upon yearly analysis of the family's income.

When are we notified if we have received Financial Aid? Financial Aid notification is emailed along with the Acceptance Letter in January of your son's eighth grade year.

What are the requirements for continuing to receive Financial Aid?

- a. Financial Aid is renewed annually based upon annual completion of the Financial Aid Form, which must demonstrate that there is still need.
- b. The student must achieve at least an 80.0% average for the school year.
- c. The student must participate fully in at least one cocurricular or extracurricular activity. Athletic participation does not fulfill this requirement. If a student needs to work to pay the remaining portion of his tuition, the activity requirement may be waived and replaced by work at Chaminade.
- d. The student must receive less than 10 demerits during the school year.
